

What is **DIMECOIN?**

The Global Payment Solution.

dimecoinnetwork.com

Dimecoin® is a **DIGITAL CURRENCY**; a way of money transfer. It utilizes the strength of cryptography to achieve maximum security.

Dimecoin utilizes a **DECENTRALIZED** network where users can transact all over the world, regardless of borders. Transactions have **ZERO** to minimal fees.

Dimecoin is a cryptocurrency accessible to **EVERYONE** with access to the internet (~4.39 billion users in 2019).

Why **DIMECOIN**?

Seamless

Be your own bank. Have **100%** control over your money and use it on **YOUR** terms. No need for a middleman.

Fast

Transactions in the blink of an eye! **INSTANTLY** send money anywhere in the world.

Secure

Limit your risk of fraud with the protection of the blockchain and decentralized network guarded by **CRYPTOGRAPHY**.
